DETAILED ACTION

Election/Restrictions

Claims 11-16 are withdrawn from further consideration pursuant to 37 CFR 1.142(b), as being drawn to a nonelected Group II, there being no allowable generic or linking claim.

Applicant timely traversed the restriction (election) requirement in the reply filed on 7/11/07. The Applicant traverses the rejection without giving any arguments as to why the restriction is improper and further cancels the non-elected claims.

Claim Rejections - 35 USC § 112

Claims 1-10 and 17-22 are rejected under 35 U.S.C. 112, second paragraph, as being indefinite for failing to particularly point out and distinctly claim the subject matter which applicant regards as the invention. The claims are indefinite because the Applicant claims a high temperature and a low temperature zone. This is vague and indefinite because chemicals have different boiling points which changes the high temperature and low temperature zone parameters. The Applicant needs to claim a range for the high temperature zone and the low temperature zone.
